OPINIONS OF THE PRESS.

We think we may safely say that it surpasses all anticipations which have been formed as to its value. The plan of the work is perfect.—*Insurance Record*.

We think we can safely predict for it the position of a standard work.—*Insurance Agent*.

Every matter more or less closely connected with Insurance is dealt with clearly and fully.—*City Press*.

The work is as thorough as though on each separate article, as on a separate volume, the author were content to rest his reputation for accuracy of information and knowledge of details.—*Insurance Circular*.

It ought to find a place in every merchant's counting-house, and in every public office.—*London Mirror*.

This novel work will, when completed, be of great value.—*Liverpool Albion*.

It is not only exhaustive as to the past, but fresh as to the present.—*Insurance Monitor*, N.Y.

This complete Dictionary of Insurance, being just what every Insurance man wants, will be welcomed as a great boon by the whole fraternity.—*Insurance Times*, N.Y.

A work whose appearance ushers in a new era in the literature of underwriting, and supplies a want, which might more truly be termed a craving, on the part of all intelligent members of the profession.—*The Spectator*, N.Y.

This work is the result of many years of labour, supplemented by the facilities furnished its author by long practical experience and rare adaptation to the task he has undertaken.—*Insurance Advocate*, Richmond, Virginia.

The typography and paper are of the kind which makes it a pleasure to read and handle its pages.—*Philadelphia Underwriter*.
